CHAPTER SIXTEEN: Musicians from Mars, Vocalists from Venus

DISCUSSION QUESTIONS:

1. What was one interesting truth or idea that stood out to you today, and how do you think that truth or idea will help you in the future?
2. What do you think would be some key advantages to splitting up the musicians and vocalists for part of the typical worship team rehearsal?
3. In your own words, what are some key differences between musicians and vocalists? In what ways are their roles similar? In what ways are their roles different?
4. Have you ever been a part of a worship team rehearsal where having the musicians and vocalists on stage together the whole time caused problems? If so, what did that look like, and how was it resolved?
5. Assuming you currently hold worship team rehearsal with musicians and vocalists together, what do you think is keeping you from spending intentional time separated, working out specific parts, and then coming back together at the end?
